

ECOS and EPSI sign a long term strategic collaboration agreement

The European Culture and Sport Organization (ECOS) and the European Platform for Sport Innovation (EPSI) join their forces in a new partnership aimed at promoting projects in the field of health and wellbeing and at the mutual promotion of their respective activities.

Brussels - 9th May 2019. The European Culture and Sport Organization (ECOS) and the European Platform for Sport Innovation (EPSI) signed long term strategic collaboration agreement, establishing a new synergy between the two entities aimed at stimulating the creation of dedicated projects and business opportunities.

About ECOS

The European Culture and Sport Organization is a network of experts established to foster social, economic and sustainable development through Sport and Culture. Specifically is an association with cultural and educational purposes that designs, organises and manages national and international projects and initiatives aimed at the development of civil society and mainly related to health, wellbeing and youth.

About EPSI

The European Platform for Sport Innovation is a membership-based networking organisation within Europe that focuses on innovation in the areas of physical activity related to sport, leisure and health. EPSI strives for a more innovation-friendly environment for the EU sports industry, in order to stimulate technological innovation and to set up businesses with a focus on innovative technology.
